The fifth **eComXpo** kicks off in a couple weeks (March 20-22, 2007), and they're expecting a big crowd.

They've got over 40 presenters, more than 8,000 attendees and 300+ exhibitors in the affiliate, search and interactive marketing field.

Some of those presenters include Sam Harrelson, Scott Jangro, Jim Kukral and myself - we're teaming up for a panel at eComXpo on Web 2.0

Registration for eComXpo is free, and they also have a thing called eComXpo University where you can get access to previous presentations from eComXpo for \$49.95.
